| PFL USA        | Finale — TBC   | Sep TBD |                  |

## 03 PARTNERSHIP ASSETS

### 01 PFL DIGITAL & VIDEO CONTENT

Pre-, during- and post-event content: press conferences, weigh-ins, face-offs, promos, fighter media-day cutdowns, rapid-turn highlights, recap videos, full feed links. Usable across MyPrize-owned channels per PFL guidelines.

### 02 FIGHTER-GENERATED CONTENT

Capture during fight week (media day, weigh-ins, face-offs). PFL representative provides access and chaperoning. Event-night capture subject to filming guidelines.

### 03 SOCIAL ACCESS — META PARTNER ACCESS

MyPrize runs Meta ads using PFL branding via sponsored-partnership format on MyPrize channels. Partner Access scoped to the shared campaign. PFL approves all creative pre-publish. Mutual social follows.

### 04 CRM AMPLIFICATION

MyPrize branding in one (1) dedicated PFL email per event. Six (6) email blasts total across the agreed events.

### 05 IN-VENUE BRANDING — EVERY EVENT

One (1) corner canvas placement at every event (6 total). Step & repeat branding inclusion. LED screen rotation throughout each event.

### 06 MYPRIZE LED WRISTBAND ACTIVATION [HEADLINE]

Co-branded MyPrize LED wristbands distributed to attendees at PFL Austin (or alternate event TBC). Three (3) randomly lit wristband moments throughout the night locate a winning fan, who receives co-branded PFL & MyPrize merch on the night. TV production cut-ins build awareness. Synchronised visual branding across the arena.

### 07 ACCOUNT MANAGEMENT

Dedicated PFL Account Director / point-of-contact for the duration. Turnkey execution across all six events.

## 04 PARTNER ACCESS — META

**Meta Account** — Partner access grants visibility into the relevant data in Meta for the specifically partnered campaign. MyPrize creates the campaign and tracks performance; MyPrize does not see anything inside the PFL accounts and is partnered only on the shared campaign where partnership creative runs. **How Posts Appear** — Posts appear as standard sponsored or collaborative content in IG/FB feeds. Content does not live on the PFL grid or page; only pushed to targeted users. Brands are integrated using assets built from fight-night content and PFL highlights. **PFL Data Visibility** — Access is limited to campaign-level performance data (impressions, reach, engagement, CTR, MyPrize conversions). No PFL-specific data, underlying databases, or sensitive data is accessible in any way.

TOTAL PARTNERSHIP FEE

\$175,000 USD
